HEALTH & SAFETY PROTOCOLS

IMPLEMENTATION OF HEALTH & SAFETY PROTOCOLS - STANDARD OPERATING PROCEDURE

With the current pandemic situation, Marintur Indonesia has implemented its own protocols, following the Government's guideline for Health & Safety procedures that will be followed by each regional office & local partners in Indonesia to ensure the comfort of our travellers. Some of the items are:

- Keeping guides & drivers' trip histories
- Temperature check for all staff before going on duty (office & field duty)
- Disinfect units before use and periodically during overland
- Surgical mask is A MUST and ALWAYS covers nose & mouth
- Direct skin-contact with clients is STRICTLY PROHIBITED (physical distancing)

JAKARTA THE CAPITAL OF LIGHTS

As the capital city of Indonesia, Jakarta is the "Indonesian dream" of the country. It's a dynamic city, where you can absolutely find anything you want to see. From the traditional markets, to big shopping malls. From outdoor activities, such as golf, beach, and themed park, to indoor activities, such as indoor aquarium, modern & creative art museums, and of course, shopping!

We suggest to add max. 3 nights in Jakarta to explore many activities the city has to offer.

PUNCAK THE FAVOURITE HILL

Puncak has the biggest increase of demand for the Middle East market since 2018. Many are looking for a relaxing experience in this hilly destination with its famous tea plantations and visiting Safari Park to see our native animals closely. Puncak itself means "Hill" in Indonesian language, and it is also one of the favourite destinations for locals.

We suggest to add 2 to 4 nights in Puncak for the best relaxing experience, and not during the weekends since it'll be overcrowded with the locals also.

BANDUNG THE BREEZY CITY

If you think about Jakarta, and then mix it up with Puncak, you're definitely will think of Bandung. A lively city famous for its chilly breeze, Bandung has many activities to offer. Pine forrest in Lembang, Tangkuban Perahu mountain, and Kawah Putih craters are just some of its most famous spots to explore and enjoy. Not to forget, Bandung also offers factory outlets all over the city, where you can find branded items with tolerable prices.

We suggest to add 3 to 4 days in Bandung during the weekdays to maximise the experience.

BALI THE ISLAND OF MANY

Bali is the capital of tourism in Indonesia, with its culture, beaches, mountains, and of course, the vibe and soul of the island. When someone's asked about Indonesia, they'll most probably know about Bali. The island offers a complete holiday experience, from 5* hotels & resorts with white sandy beaches, to a wonderful secluded destination around the island. A perfect place for your romantic, family, and singles holiday - all year round!

We suggest to add as many days as possible in Bali, cause who'll get enough? Or maybe 4 days is alright.
