This afternoon you will visit the Uluwatu Temple, which is an architectural marvel situated on the edge of a steep 300-foot rock facing the ocean. This temple has some of the most exquisite architecture in Bali and was first built in the eleventh

You shouldn't have anything loose on your clothing or body, such as earrings, pens and glass-cases and you should hold your camera bags tightly. These mischievous monkeys will quickly snatch them and will only give them back for a ransom (typically peanuts and bananas). Then you will proceed to the temple. This is a small and simple temple, but it is a good introduction to the style and function of the Hindu temples on Bali. Afterwards you can enjoy the sunset while watching the performance of Kechak Dance, which presents the Mahayana story with actors-dancers, beautiful costumes and accompanied totally by the Kechak dancers-singers (n o gamelan orchestra).
