# ♦ Foreword

Nia Niscaya  
-  
Deputy Minister for  
Marketing

Wonderful Indonesia, the largest archipelagic country in the world, blessed with rich cultures and traditions. Consisting of more than 17,000 islands and 1,300 ethnic groups, Indonesia possesses many local talented artists and designers, propelling a vibrant and unique local creative industry in the country.

The Indonesian Government, through the Ministry of Tourism and Creative Economy, has the role of developing creative products. Among the variety of creative industries, fashion and crafts are two of the high potential sectors. Yet many hidden gems have not been recognized. We aim to help them be discovered and elevate the business in both domestic and international markets.

The A to Z Indonesian Artistry: Fashion and Crafts Directory provides you with the opportunity to meet our well-curated fashion and handicraft products. Guaranteed, both quality, and authenticity that is uniquely Indonesia. Culture, tradition, and the beauty of Indonesia's natural resources - all crafted into stories through patterns, stitches, and carvings - add more value to these products.

Lastly, we hope this book could inspire you to dive deeper into the beauty of Indonesia through the featured collections.

Welcome to Wonderful Indonesia!

Yuana Rochma Astuti  
-  
Director of  
Creative Economy  
Marketing

The A to Z Indonesian Artistry: Fashion and Crafts Directory is prepared to accelerate the marketing of local fashion and craft products as the superior sub-sectors of Indonesia's creative economy.

There are 88 curated brands, consist of 39 fashion brands and 49 crafts brands, we are confident that these brands are on the highest quality and more than qualified to meet the quality standards.

Moreover, the products displayed are IP-based or Intellectual Property creative products, which means they have unique designs and beyond commodity products.

We believe that in this situation, the presence of the digital version of this directory is the best form of a marketing tool for buyers or potential business partners to get direct information about the brands.

We hope that this book will help you find the local artisan/designer to collaborate in both retail and business partnership.

Enjoy!
